Dear Class of 2021:

In this most extraordinary year, I offer my deep admiration, gratitude and sincere congratulations to a most extraordinary class of graduates.

As numerous forces upended our world, you held your dreams steadily in sight and persisted in your studies through challenges none of us could have imagined. Unlike any other CSU graduating class past or future, you have by necessity developed and demonstrated skills—far beyond your academic work—that will ensure your continued success: resilience, flexibility, resourcefulness, patience and tenacity. While so much and so many have been lost, your resolve has shone as a symbol of hope and optimism—and you should be proud.

On behalf of the entire California State University community, I am certainly proud to present you to the world as our newest class of CSU alumni, joining an impressive international network now nearly 4 million strong. Together, you will power the recovery of our state and nation, educate our next generation, fight for social justice, and create new and sustainable opportunities for health, security and prosperity for us all. I encourage you to stay connected to your campus and your peers, to look for opportunities to give back, and to support the future generations who will follow in your footsteps.

And as our many months of physical separation begin to come to a close, I hope you will hold in your hearts all of those who have supported you from afar. The faculty who broadened and deepened your understanding of the world. The counselors, advisors, librarians, tutors, coaches, facilities and support staff who created a nurturing environment of care and growth. Your family and friends, whose belief in you never wavered.

All of these people have been forever impressed by your spirit, determination and accomplishments. Please count me among them—and I know you will continue to make us proud.

Again, congratulations to the class of 2021!

Sincerely,

Joseph I. Castro
Chancellor
San Diego State University

122nd Commencement
A MESSAGE FROM THE PRESIDENT

Dear Graduate:

On behalf of the San Diego State University community, congratulations on your graduation!

I wish to acknowledge the dedication, resilience, and support of all those who helped you get here: your family members, friends, your SDSU faculty and staff—all of whom played an important role to support or mentor you during your degree. Just as important, the personal dedication, courage, and tenacity you have demonstrated this past year exemplify the critical skills California and the world needs to move us to a brighter future.

Your graduation marks not just a moment of celebration; it honors the years of learning and growth which precedes it. At the same time, our graduation ceremony is referred to as a commencement—the point at which something begins, not where it ends.

This month, in more ways than one, marks a new beginning for you. You are now a graduate. You are now formally recognized for your years of study and expertise in a field aligned with your career aspirations. You are also now part of San Diego State University’s proud alumni tradition as the Class of 2021. This is an exceptional family to join—a community of nearly 476,000 living alumni throughout the United States and abroad—known for leading and serving our region and our world. SDSU alumni create and grow businesses; serve communities as government officials, teach the next generation of leaders; make scientific discoveries; produce creative contributions to the arts; and advance innovations in countless fields.

Now, as our world faces important challenges, it is your turn to lead and serve. We are certain that the skills that helped you succeed at SDSU will give you the confidence to take on the opportunities that lie ahead.

As your list of accomplishments grows, we hope you will return often to your university, to your roots, to your home. There will be new generations of students looking to learn from you, as alumni. Know that we will always welcome you back. Your continued participation in the SDSU community is one of our future student’s most valuable assets.

Today, you graduate with our respect, our pride, and with formal recognition of your achievements and your untapped potential. We are grateful for the role you have played in the life of this very special university, and celebrate you with heartfelt affection.

With warm regards,

Adela de la Torre, Ph.D.
President
A MESSAGE FROM THE DEAN

Dear Graduates,

On behalf of the College of Education, congratulations on this momentous achievement. Today is a chance to celebrate what you—through perseverance and countless hours of hard work—have accomplished, and to imagine what possibilities lie ahead. Wherever you may be, I hope you safely relish this joyous moment with your classmates, family, friends, mentors, and all the people who have supported you. You have earned it.

This accomplishment is even more meaningful given what you have overcome. You have completed your studies during a time of unforeseen historic crisis brought on by the COVID-19 pandemic. Many of you have had to deal with loss, hardship and uncertainty in your personal lives. And a significant portion of your time with us—if not all of it—has been spent in virtual modalities, rather than in-person. I am so impressed with the way you rolled with all of this adversity, clearing hurdle after hurdle to reach this day.

As you leave SDSU, take heart. Vaccines have given us hope that the worst of the pandemic might be behind us. Life is inching back towards normalcy as you embark on, or take the next step in, your career. It is also clear that the world that needs difference makers—needs you—now more than ever before. Over the past year, COVID-19 has laid bare inequities in education, mental health and other fields. We have also been shocked and saddened by a pandemic of racist violence targeting communities of color across our nation. Whether you go on to be a teacher, administrator, counselor or therapist, I hope to see you on the front lines of the fight for social justice and systemic change. You have the power to change the world.

I am most honored and gratified to celebrate your graduation with you. I wish you good luck and continued success.

Y. Barry Chung, Ph.D.

Weber Honors College

Students graduating from the Weber Honors College have successfully earned at least 15 units in small, challenging, interdisciplinary honors courses. The Weber Honors College features a wide range of opportunities that help students broaden their knowledge, gain new perspectives, and understand complex issues from diverse points of view. Weber Honors College students experience one-on-one scholarly partnerships with distinguished faculty, complete a culminating portfolio, engage in university and community service activities, and further enrich their education through study abroad.

PHI BETA KAPPA

Phi Beta Kappa is the nation’s oldest scholarly honor society, founded in 1776 at the College of William and Mary in Williamsburg, Virginia. The chapter at San Diego State University (Nu), first in the California State University and first in San Diego, was established in 1974. Students are invited to join Phi Beta Kappa for excelling in the liberal arts and sciences.

To be considered for membership in the Jane K. Smith Cap and Gown Chapter of Mortar Board, students must have senior standing for the fall semester with an overall grade point average of 3.2 and have participated and excelled in the areas of scholarship, leadership and service. Mortar Board, which was founded in 1918, had its beginning at SDSU in 1932 as Cap and Gown. In 1965, the local honor society was recognized as a member of the national society. Admission to Mortar Board is highly competitive. Membership is restricted to no more than 40 students per year.

TAU SIGMA

Tau Sigma is a national academic honor society designed specifically to recognize and promote the academic excellence and involvement of transfer students. Tau Sigma was originally founded in 1999 at Auburn University in Alabama. San Diego State University’s chapter was established in August 2017. Students are invited for earning a 3.5 grade point average during their first term.

Academic Dress

Academic dress, also known as academic regalia, originated in Medieval European universities during the 14th century, when commencement ceremonies were associated with religious ordination. In observance of tradition, all participants in commencement ceremonies wear full academic regalia, consisting of a traditional black gown, hood and mortar board.

Bachelor's and master's gowns are plain, although sometimes worn with honor cords or stoles. The doctoral gown is trimmed down the front and around the sleeves with bands of velvet, either in black or a color associated with the graduate's field of study. Sleeve styles also vary with the degree: pointed sleeves on the bachelor's gown; short sleeves for the master's; and round, full sleeves for the doctoral robe.

The standard cap worn with academic regalia is the mortar board in black. Graduates with a bachelor's degree wear a red and black tassel to represent SDSU school colors and graduates with a master's degree wear an all-black tassel. Doctoral graduates wear a tam with a gold tassel.

Postgraduate candidates wear hoods that fit around the neck in front and drape down over the robe in back. The hood lining displays the university colors of red and black. In addition, colored velvet edging on the hood corresponds to the graduate's field of study. The doctoral hood is longer than the master's hood, and trimmed with additional velvet panels.

The Gown

The typical academic gown is black, but some institutions choose colored gowns to signify certain colleges, universities or degrees. Bachelor's and master's gowns are plain, although sometimes worn with honor cords or stoles. The doctoral gown is trimmed down the front and around the sleeves with bands of velvet, either in black or a color associated with the graduate's field of study. Sleeve styles also vary with the degree: pointed sleeves on the bachelor's gown; short sleeves for the master's; and round, full sleeves for the doctoral robe.

The Hood

Graduates holding master's and doctoral degrees also typically wear a hood that fits around the neck in front and drapes down over the robe in back. The hood lining displays colors associated with particular schools. Chevrons in a second color indicate a dual emphasis, while colored velvet edging on the hood corresponds to the graduate's field of study. The doctoral hood is longer than the master's hood, and trimmed with additional velvet panels.

The Cap

The standard cap worn with academic regalia is the mortar board in black. Graduates with a bachelor's degree wear a red and black tassel to represent SDSU school colors and graduates with a master's degree wear an all-black tassel. Doctoral graduates wear a tam with a gold tassel.
Ceremonial Mace

The ceremonial mace, a symbol of university scholarship and integrity since the 11th century, is carried at the head of the academic procession at commencement and other special occasions to signify the importance of the event and the values of the university.

The university’s mace was designed and handcrafted for San Diego State University by Michael Rybicki, an alumnus of the Master of Fine Arts jewelry and metalsmithing program.

The mace takes the iconic image of Hepner Hall as its main inspiration. Hepner Hall stands at the historic heart of the campus, and its bell tower and arch are well-loved symbols of the university for students, alumni and the entire San Diego community. A stylized silhouette of the bell tower, made of four curved sheets of sterling silver, sits atop a silver bowl formed by the traditional skill of hand raising—a metalworking method dating back thousands of years. The sleek curves of the tower resting on the hand-hammered bowl represent the blending of SDSU’s proud history with its modern and forward-facing scholarship, research and community engagement. These sculptural elements sit atop a turned and carved walnut handle.

Presidential Medallion

The medallion worn by President Adela de la Torre at commencement was designed for her installation as the ninth president of San Diego State University on April 11, 2019. It was designed and created by metalsmith graduate student Rex Arthur Ramos. The nine waves of the medallion represent the past and current nine presidents of SDSU, each bringing a new wave of leadership. The circular shape of the medallion symbolizes a globe while iconic Hepner Hall encompasses this shape, reinforcing SDSU’s global influence. SDSU is depicted at the very center of this globe on an abstract map of the local region. The inclusion of the border represents a university with many different cultures, while the coastal line signifies the nature that surrounds SDSU. The contemporary look of the medallion reflects a vision of the future for SDSU guided by President de la Torre.
Thuan Dinh Nguyen survived jail and torture, all before he was five years old. As a former refugee from South Vietnam, Mr. Nguyen brings a unique perspective to his work and is driven to ensure that students have opportunities for success through technology.

As chief operating officer for AVID (Advancement Via Individual Determination), Mr. Nguyen oversees digital teaching and learning for the nonprofit organization that is dedicated to supporting underserved students. His leadership and life experiences ensure that AVID continues as a social justice organization that impacts more than two million students a year.

Mr. Nguyen has more than 20 years of experience in education. He has held executive roles in information technology, instructional technology, safety and security, communications and public relations. His work has been recognized by the Center for Digital Education, the National School Public Relations Association and the National School Boards Association. Mr. Nguyen was named one of the 100 most important people in education technology by Tech & Learning. He also was named by Computerworld as an Honors Program Laureate. The National School Boards Association listed him in their 2008 “20 to Watch.” He was also honored by the Northwest Council for Computer Education as the Outstanding Technology Leader of the Year. Mr. Nguyen has been a strong advocate for improving student access to the internet and has lobbied for the ConnectED Initiative which seeks to enrich K-12 education by connecting 99% of students to broadband.

Mr. Nguyen served as a board member for the International Society for Technology in Education, Absolute Software, Adobe Systems, Cisco Systems, HP Systems, Microsoft and SchoolCIO. His leadership and advocacy have been profiled in Tech & Learning, Education Week, the Atlantic and GeekWire.

In recognition of his significant accomplishments and impact in education, the Board of Trustees of the California State University and San Diego State University are proud to confer upon Thuan Dinh Nguyen the honorary degree of Doctor of Humane Letters.
